No. PN-RE-A-817 (1)

POONA.

Dated : 5th February 1951.

From:-

Keshav V. Sane, Esqr.,
Licensee, The Athni Electric License, 1940,
Manager Light and Power Suppliers Ltd.,
180, Budhwar Peth, Gumaste Building,
P O O N A - 2.

To

The Secretary to the Government of Bombay,
Public Works Department,
B O M B A Y - 1.

Subject:- Application under Sec. 57(2) a of the Electricity (supply) Act 1948, for the appointment of Ratings Committee to examine the Licensee's charges for the supply of Electricity within the -- Licensed area of supply at Athni, Dist. Belgaum.

Dear Sir,

The present applicant is the Licensee of the Athni Electric License 1940.

The present applicant in pursuance of the sixth schedule to the Electricity (supply) Act 1948, read with Section 57 of the said Act, adjusted the rates in respect of the Athni Electricity Supply and issued notices to the public to the effect that the rates for the supply of Electrical Energy would be as under .....

with effect from . . . . . .1st of Nov. 1949 viz:-

(1) Where energy is sold by meter.

(a) For Lighting and Fans - Rs.0-12-0 per unit;

(b).....

(b) For Heating and refrigeration purposes Rs. 0-8-0 per unit;

(c) For power purposes :- a standing charge of Rs.5/- per month per B.H.P. installed upto 4 B.H.P. plus a charge of annas six (0-6-0) per unit for units actually consumed and for power connections above 4 B.H.P. the standing charges referred to above plus Rs. 3/- per B.H.P. for each excess B.H.P. installed per month plus a charge of annas four pies six (0-4-6) per unit for units consumed during the month.

(2) Where energy is not supplied by meter.

a fixed rate of Rs. 2-12-0 per mensem charged for 20 watts light and Rs. 2-8-0 for every additional twenty watts or part thereof burning for not more than six hours per day and twice the charges referred to above for lights burning for more than six hours but does not exceed twelve hours per night.

Some of the consumers at Athni have objected to this ~~required~~ increase and required us to approach the Government for the appointment of the Ratings Committee for examining the rates and to get them fixed by the said Ratings Committee.

During all the years of increasing cost of Generation and increasing cost of machinery and other capital equipment, the present Limcensee found it impossible to continue -- generating Electricity for supply to consumers at the

previous....

previous sanctioned old rates as per the terms of the License. The average loss per month in respect of the said power house is Rs. 1900/- per month with the result that from the commencement of the power house in 1944 the Licensee has not been able to charge depriciation on capital assets at the requisite rates in his accounts and in spite of this the concern has been running at a loss to the detriment of the investing public, from the inception of the undertaking to date.

The Licensee finds that even with the increase rates brought into operation from 1st November 1949, the undertaking is going to disclose an additional substantional loss even in the year 1950. It may further be added that the increase in rates introduced in November 1949 was substantially lower than the increase permissible under the terms of the sixth schedule of the said Act and that the said partial increase was introduced only with a view to make the consumers appreciate the difficulties of the Licensee.

It appears that the consumers or at least some of them are not prepared to appreciate the spirit of sacrifice displayed by the Licensee so far. The investing public also is now getting dissatisfied with the continued and increasing loss suffered by the undertaking from year to year. The municipal authorities at Athni also are not prepared to pay the bills as per revised rates till the decision of the Ratings Committee is obtained in this behalf.

The present applicant, therefore, prays that a Ratings Committee be appointed immediately to examine the Licensee's rates for the sale of Electrical Energy for the consumers at Athni and to report thereon to the Government. The present applicant will deem it a great obligation if necessary steps in this behalf are taken at an early date.

Thanking you,

Yours faithfully,

Keshav V. Sane
